ESKIMO SLAYING DUE TO WOMAN SHORTAGE

OTTAWA, Jan. 6.—(By the Associated Press.)—From out of the frozen north beyond the farthest outpost of civilization came the details supplying the background for the re-cently reported murder of five Eski-

moes, including a four-year-old girl, because of the desire of one man for another man's wife.

This desire, it was explained by Royal Canadian Mounted police, who unearthed the crime, was due to a shortage of women in the barren iceshortage of women in the barren ice-lands. And this shortage, they added, is the outcome of an Eskimo custom, but recently abandoned, whereby fe-male children were put to death be-cause of the shortage of food and the unwritten Eskimo law that only the most useful members of a composite

unwritten Eskimo law that only the most useful members of a community should be permitted to live. Therefore, young girls, requiring more care and being of less use than boys, were condemned to die.

Details of the quintuple murder have just been received here from Police Corporal Doak, who is combing the territory along 75 degrees north latitude in an attempt to bring the culprit to justice. The crime took the culprit to justice. The crime took place August 1 about 30 miles northcast of the Hudson Bay company's post in Walker bay, Kent peninsula.

MONEY RATES BECOME EASIER

Early Gains Cancelled in Selling Movement of Final Hour

NEW YORK, Jan. 6.—Easier call and time money rates were conducive to steadier conditions in the stock market today, but early gains of one to two points were generally cancelled later. Sales approximated 600,000 shares.

Lower prices ruled at the listless opening, the feeling in speculative quarters evidently continuing bearlsh. Among prominent shares, changes were confined to fractions, but in speculative quarters evidently continuing bearlsh. Among prominent shares, changes were confined to fractions, but in speculative quarters evidently continuing bearlsh. Among prominent shares, changes were confined to fractions, but in specialties, notably sugars and fertilizers, declines ran from 1 to almost 2 points. Olls motors and independent steels again reflected pressure. Adoption of the ban on submarines by the first powers at the arms conferrence strengthened foreign exchanges, all the leading European rates showing a firm tone.

Further relaxation of money rates precipitated urgent covering of short constructs in the first hour. Call loans opened and renewed into next week at 4½ per cent but the large supplies soon forced the rate down to four per cent. Olls, shippings and equipments railled 1 to 2 points with motors, tobaccos, coppers and textiles. Mexican and Panamerican Petroleums, Royal Dutch, Houston Oll, Mercantile Marine preferred, American international, Atlantic Gulf, American and Baldwin Locomotives, Chandler and Pierce-Arrow were most active in the rebound. Among specialities, National Cloak and Suit preferred, Sears-Roebuck, International Paper and Corn Products also were strong but rails showed little change.

Call money fell at midday to 3½ per cent, the lowest rate in six months, but that incident falled to atimulate interest in the stock market. Specialities added moderately to previous gains but leaders fell back on renewed selling of oils.

Olls, steels, equipments, and motors were more freely offered in the final hour. The closing was heavy, Liberty issues were strong and the general bond lis
